You will perhaps be surprised by the proportions of La Placa, the central drag through the city. The sheer width of it can be explained by the fact that it straddles a former lagoon. The elegant houses along La Placa are built in the legendary travertine stone. At Pile gate, you will be greeted by the statue of the patron saint of Dubrovnik, and you can admire the coastline as you **walk along the ramparts**. But what's inside **Fort Saint John**, adjoining the outer walls? A maritime museum and an aquarium featuring rare fish from the Adriatic.

The town nestles by a cove on the north-west coast, surrounded by dry stone wall structures on the Stari Grad plains.
