Discover the Southern Ocean as you have never seen it before! Embark on a **16-day polar expedition cruise to the highest latitudes**, from the **Falkland Islands** to the immaculate lands of **Antarctica**.

Your expedition to the heart of the **South Atlantic** begins with the exploration of the Falkland Islands: as you sail in this archipelago of 200 islands, you will be escorted by sei whales. Composing the wild beauty of the shorelines are beaches of white sand, jagged cliffs, windswept moors and tall grass swaying with the wind.

You will ultimately land on the frozen shores of the nearly inaccessible **White Continent, Antarctica**. White shades take on a thousand nuances as it covers the icebergs, glaciers, mountains and frozen sea all around you. You will be one of the rare few travellers to have laid eyes on this legendary land, the theatre of the greatest expeditions and the witness of the most extraordinary adventures. Above all, you are in the **realm of the penguins** – Adelie, Gentoo, chinstrap – seals, whales and seabirds that accompany you on this unforgettable trip.

*We are privileged guests in these extreme lands where we are at the mercy of weather and ice conditions. Landings on certain sites and the observation of certain wildlife cannot be guaranteed. They vary from day to day, making each PONANT cruise a unique experience. The Captain and the Expedition Leader will make every effort to ensure that your experience is as rich as possible, while complying with the safety rules and instructions imposed by the IAATO.*
