YOUR CRUISE

Come discover the natural sites and history-laden cities of the Baltic Sea with a brand new Ponant itinerary.

Step aboard the Le Soléal for a 9-day cruise around northern Europe, which includes the UK, Belgium, the Netherlands, Germany, Denmark, Finland and Sweden.

Step ashore in Ostende, a town in Belgium's Flemish region, and discover Bruges, the little Venice of the north. Ringed with canals, the old town can be visited during a pleasant boating excursion.

Continue your sightseeing adventure with Amsterdam, the most romantic European capital city. With its languid canals, world-famous museums and historical curiosities, Amsterdam is a city of contrasts brimming with quirky walks.

Blending the energy of a capital city and the quality of life of a small town, Copenhagen offers you picturesque neighbourhoods and colourful quaysides. During your time there, you can visit the Christiansborg Palace and stroll around the Amalienborg Palace square, two of Copenhagen's renowned royal sites.

FOCUS ON... OSTEND (OOSTENDE)

Located on the Flemish coastline, half way between France and the Netherlands, the elegant city of Ostend is a favourite summer destination for Belgians. You can enjoy the "queen of beaches", a stretch of fine white sand punctuated by breakwaters, covered by the North Sea at high tide. The seafront boasts sumptuous facades from the Belle Epoque, such as Villa Maritza, which stands witness to this seaside town's rich past. Art amateurs will enjoy the excellent Kunstmuseum aan Zee, where a retrospective of Belgian art dating from 1830 is on display.
