YOUR CRUISE

Sail off to discover coastal areas in the North Sea thanks to an all-new Ponant itinerary.

Join us aboard *Le Lapérouse*, a brand new addition to the PONANT fleet, for an 8-day cruise to discover some of the coastal cities of Northern Europe.

In Germany, you will call at Lübeck and visit its old town, a UNESCO World Heritage Site. There, you will discover superb buildings such as the Heiligen-Geist-Hospital (Hospital of the Holy Spirit) or St Mary's Church and its seven bells.

You will then sail along the Kiel Canal to reach the port of Amsterdam in the Netherlands. You will stroll through the city, which is famous for its canals, and enjoy its inhabitants' relaxed way of life. Amsterdam is famous for its museums, but you will also fall under the charm of the incredible flower market and the superb façades of the beautiful houses.

In Belgium, succumb to the charms of the Belle Epoque-style façades in the city of Ostend. Highly popular for its light-sand beach, this coastal city is also home to the Kunstmuseum aan Zee, which retraces the history of Belgian art from 1830 onwards.

After sailing along the Thames, your cruise will draw to an end in London, a cosmopolitan capital with a multitude of tourist attractions and landmarks.
