YOUR CRUISE

Discover Iceland and the Arctic Circle with PONANT, and follow in the footsteps of the Vikings with this brand new cruise.

For 8 days, *Le Lapérouse*, one of the most recent additions to our fleet, will take you to extreme lands, a paradise for birdlife.

Iceland is the starting point of this adventure and will captivate you with its breathtaking scenery. Glaciers, lava fields, geysers and steam baths – this is undoubtedly the place of all the superlatives.

Reykjavík is the most northerly capital in the world, lying slightly above the 64th parallel. Houses with colourful roofs line its streets and this, coupled with the many ducks in its lake, produces a picture postcard setting. It boasts real cultural riches, particularly in contemporary art, notably with the Reykjavík Art Museum.

During the cruise, *Le Lapérouse* will reach the Arctic Circle, as well as the small and remote island of Grímsey. Here it is the kingdom of birds such as guillemots and puffins. Its volcanic rock forms splendid basaltic columns in certain areas.

You will also call at Seyðisfjörður, one of the most picturesque ports in the country and the gateway to a 1250 hectare nature reserve that is home to a multitude of birds.

To conclude you will discover Heimaey. The only inhabited island in the Westmann Islands, fishing is the main source of income in this exceptional site. You can admire its volcanoes and its almost-desert like landscapes.

Your voyage will conclude in Reykjavík, leaving you with the memories of some unique moments.
