YOUR CRUISE

At the crossroads of two continents, Europe and Africa, PONANT invites you to discover an itinerary rich in encounters at the heart of the Cape Verde Islands.

From Santiago, considered to be the most African of the islands, you will set sail aboard *Le Ponant* for an 8-day cruise far from the main maritime routes and crowded tourist destinations.

You will call at the island of São Nicolau, which will delight you with its pristine mountain landscapes, its picturesque capital, Ribeira Brava, its friendly inhabitants and its lively traditions.

Further west, you will visit Mindelo, the cultural capital of Cape Verde, where the famous morna singer Cesaria Evora was born.

You will also visit Santo Antão, an authentic island where you will find the greenest valley on the archipelago, the Paúl Valley. Here, you can enjoy the serenity of the landscapes surrounded by almost tropical vegetation.

A gigantic volcanic cone emerging from the Ocean, Fogo or "volcano island" is the most unusual in the archipelago. With scenery of savannah and fields of sugar cane, scattered with peaceful hamlets, Fogo offers you extraordinary panoramas.
