YOUR CRUISE

Immerse yourself in the Cuban experience thanks to this all new itinerary by PONANT. This 8-day cruise aboard our elegant three-master will be your opportunity to discover the richness of the Cuban culture and the unique atmosphere of this country in the heart of the Caribbean.

You'll set sail aboard *Le Ponant* and first discover Havana, the vibrant capital. Listed as a UNESCO World Heritage Site, Old Havana is brimming with buildings of great architectural value and narrow streets down which to wander. The seafront is also ideal for a stroll, along the Malecón, a favourite gathering place for Cubans.

Your yacht will then set sail for the stunning Cienfuegos Bay. This elegant city was established in the early 19th century and its first settlers were French. Its beautiful architecture blends modern, neoclassical, and influences from the Spanish Age of Enlightenment.

From Casilda, visit Trinidad and Valle de Los Ingenios, whose very beautiful buildings reflect the former glory days of the sugar industry and are listed as UNESCO World Heritage.

End your trip with the discovery of the beautiful colonial houses in Santiago de Cuba, your disembarkation port.
