YOUR CRUISE

Discover Patagonia during a 13-day expedition cruise. PONANT is offering you the opportunity to explore the most beautiful scenery Argentina and Chile have to offer, including glaciers, fjords, and winding channels.

You will embark in Ushuaia, the world's southernmost city, and round the mythical Cape Horn.

Puerto Williams, considered as the southernmost village in the world, will be your first port of call. Next enter the magic of the Chilean fjords and channels for exceptional moments spent sailing amidst landscapes of unrivalled beauty. The narrow passages, channels and fjords will lead you right up close to stunning glaciers, including Garibaldi, Agostini, El Brujo, Pie XI.

Your ship will reach Tortel and its charming stilt houses interconnected by a labyrinth of wooden footbridges.

During the last part of your cruise in South America, you will call at Quemchi, after a sailing during which it is not unusual to encounter sea lions and porpoises. Quemchi is an authentic village located on the lush island of Chiloé.
