YOUR CRUISE

On this itinerary, PONANT invites you to discover the must-see jewels of the Seychelles. On Mahé, you will board *Le Bougainville* for a 9-day expedition cruise to the heart of this archipelago's Inner Islands for a glimpse of paradise.

The first stop on your cruise: Sainte Anne Marine National Park, whose coral reefs are home to stunning species, guaranteeing unforgettable snorkelling.

On Curieuse Island, reputed for its red earth and for the Aldabra giant tortoises that have taken up residence there, take an excursion to the heart of the mangrove. You will then discover Aride, an unspoiled delight of the Indian Ocean, home to thousands of birds including some endemic species.

In Praslin, don't miss the chance to visit the Vallée de Mai Nature Reserve. There you will find sea coconuts, gigantic endemic fruits with a very evocative shape, nicknamed the "love nut".

Palm trees, granite rock, white sand and crystal-clear water await you on Grande Sœur and La Digue. The beaches on these two stunning islands are each more beautiful than the next, guaranteeing moments of relaxation that will live up to your fantasies of the Seychelles.

The encounters with the wildlife described above illustrate possible experiences only and cannot be guaranteed.
